

To help in the development of Montana State University-Northern Athletics, by providing scholarships and financial assistance..."

Northern Lights Athletic & Scholarship Foundation

Founded in 2004, as a non-profit organization, following the highly success of the Legend for Lights Pheasant Jamboree campaigns; the Northern Lights Athletic & Scholarship Foundation has become a viable asset to MSU-Northern Athletics.

Over the past 10 years this foundation has contributed over \$530,000 to the MSU-Northern Athletic Department. This contribution has enabled the offering of more scholarships to student/athletes, provided assistance for coaches to attend professional clinics, subsidized coach's salaries, expand recruiting resources, as well as help equip not only the weight room but also the training room.

The Pheasant Jamboree is successfully hosted by our great community and has been and excellent fund-raising event for Montana State University-Northern athletic department. It is a fun filled 4 day event with socializing with former NFL, MBL, and NHL players, trap shoot, and a contest pheasant hunt.

Our 11th Annual Legend for Lights Pheasant Jamboree committee is putting out invitations for teams, and would hope that you are interested this year. We will try to limit teams to only 20 so time is of the essence. Please check out our web site at [www: legendforlights.com](http://www.legendforlights.com). The dates will be October 6th – 9th, 2011.

Thank you and hope to be hearing from you soon.

Sincerely,

Mickey Williams
Executive Director
